

Seminar on "SENSORS for Measurement and Automation"

研讨会于传感器为测量和自动化

8 March 2012 China Import and Export Fair Pazhou Complex
 2012年3月8日 中国进出口商品交易会琶洲展馆

Anchorman: Mr. Michael Sieber, STW Sensortechnik, Germany

10:30 - 10:35	Mr. Reinhold Rösemann AMA Association for Sensor Technology	Opening Speech 开幕辞	
10:35 - 11:00	Mr. Dr. Gerhard Weissler Sensor Industries Marketing Consultant	European Sensors Update Products Recently Released by the Sensor Industry	
11:00 - 11:30	Mr. Dietmar Heyer UST Umwelttechnik, Geschwenda / Germany	Energy savings through ventilation as needed Innovative indoor air quality monitoring system	
11:30 - 12:00	Mr. Tobias Lehmann Sensors Europe GmbH, Germany	Sulfur Hexafluoride gas leakage detection Comparison of different OEM measurement principles	
12:00 - 12:30	Mr. Arwed Graubner Senterra Limited / Taipei 台北Senterra公司	Signal Conditioning approach to Compensating Large Offsets in Wheatstone Bridge Sensors	
12:30 - 14:00	Lunch Break	午餐	
14:00 - 14:30	Mr. Luca Salmaso Metallux SA, Mendrisio / Switzerland	Ceramic Pressure Sensors Piezoresistive and capacitive technology for reliable and demanding application	
14:30 - 15:00	Ms. Kerstin Schreiber InfraTec GmbH, Dresden / Germany	Innovative infrared Detectors with MEMS based filter technology	
15:00 - 15:30	Winfried Korb arteos GmbH, Seligenstadt / Germany	Ultrasonic sensor distance measurement in almost any conditions	
15:30 - 16:00	Mr. Olaf Mollenhauer TETRA GmbH, Ilmenau / Germany	High precision position and displacement sensing for industrial and scientific processes	
16:00 - 16:30	Mr. Ferdinand Spann burster praezisionsmesstechnik, Gernsbach / Germany	Torque measurement in automated production lines	
16:30	end of event	结束
