Innovative Sensors & Measurement Systems

June 2nd, 2009 – Everbright Convention Center, Shanghai

10:15	Reinhold Roesemann (Ceremony Master) /AMA Association for Sensor technology	Opening & Introduction
10:20	Dr. Waldemar Sokolowski Jenoptik Laser, Optik, Systeme GmbH	Industrial Laser Distance Meters for middle and long Ranges
10:45	Juergen Dittrich, Chen Goertz J. Dittrich Elektronik GmbH	Explosion-proof gas measuring systems
11:10	Prof. Dr. Gerhard Lindner Fachhochschule Coburg ISAT Institut für Sensor- und Aktortechnik	Intercultural education of engineers in sensor technology - German-Chinese master program AIMS
11:35	Ms Dr Yuefei Dai, Marco Gnielka Kistler Instrumente AG	Miniature Pressure Sensors for harsh Environments
12:00 to 13:00	Lunch Break	Networking opportunities
13:00	Dr. Gerhard Weissler Sensor Report	Current trends in sensors
13:25	Dr. Olaf Kiesewetter UST Umweltsensortechnik GmbH	Innovative ceramic sensor systems in various applications
13:50	Michael Sieber Sensor-Technik Wiedemann GmbH	Inclinometer/gyroscope sensor for mobile applications
14:15	Dr. Angelika Carstens, Stefan Carstens Delta-R GmbH	Structure and layout of thin-film-RTD
15:00 to 15:30	Coffee Break	Networking opportunities
14:40 to 15:00	Ms Dr Xuefei Dai, Marco Gnielka Kistler Instrumente AG	Miniature Pressure Sensors for harsh Environments
15:00	Owen Qi Hottinger Baldwin Measurement (Suzhou) Ltd.	MP85 - The amplifier for monitoring fitting processes - Safe production without speed limits!
15:25	Eric Yow ZMD	Novel Semiconductor Temperature Sensing Devices
15:50		END
