

June 13, 2007			
Sensor Summit			
	Time	Topic	Speaker
6 月 13 日	10:00~10:20	Environment Science and Sensor Technology	Sensing Element and transducer branch association Mr. Maojun Fan
	10:20~10:50	Sensors for Measuring Ultraviolet radiation in meteorological and industrial applications	AMA Mr. Reinhold Roesemann
	10:50~11:20	Advanced Sensor technology for space application	GE Sensing Mr. Gang Wang
	11:20~11:50	New sensor technology for easy use	Honeywell
	11:50~12:20	Sensor for automobile application	Shanghai Sensor technology Association Mr. Guanqun Xia
	14:15~15:00	European Sensor Market and ways to get in	《SENSOR report 》 Dr. Gerhard Weissler
	15:00~15:30	Pressure sensor's new development	Shenyang Academy of Instrumentation Science Ph. Zhiguo Zhang
	15:30~1600	3DMEMS technology's news technology	VTI
